Abdullaev Erkin

Web Developer

I am 29-year-old and from Uzbekistan. I have been living in South Korea for more than 3 years and have a 6 months of experience in web development. I have an interest in working with NFT/E-commerce/Blockchain related companies. I am currently looking for a job as a Full-Stack developer/NodeJs developer in South Korea. I mainly use NodeJs (ExpressJs) to build web servers and ReactJs for frontend apps. Nowadays, I am developing my skills at NextJS.
